

Ho Chi Minh City, 25<sup>th</sup> June 2024  
TP. Hồ Chí Minh,

To whom it may concern,

I am writing to recommend **HOANG DUC ANH KIET** for consideration in his application for full scholarship/admission at your distinguished university. I have known Kiet for over two years and have taught Cambridge A Level Computer Science. Kiet is academically brilliant and motivated and has impressed me with his knowledge and passion for computer algorithms, programming and problem solving. It manifests with his credentials.

**Kiet** has been a student at Vietnam Australia International School (VAS) since the School Year 2016-2017. VAS is a large K-12 bi-lingual Cambridge UK curriculum campus with approximately 750 students in the secondary school. Garden Hills Campus, VAS is very much a vibrant bilingual learning environment with predominantly Vietnamese students, such as Kiet, who has English as his second language proficient to a C1/C2 level (CEFR).

Kiet's academic records exemplify his strong motivation towards a thirst for learning. Kiet is forecasted to achieve an A\* in his Computer Science A-Level Cambridge Exam. This is reflective of his dedication to academics during the course. Kiet has performed extremely well in his Cambridge AS-Level Exam having achieved Grade A in Computer Science, Grade A in Business Studies and Grade A in Mathematics.

Kiet has always been an independent thinker, striving to learn new things, while displaying huge promises through his penchant to delve beyond the scope of the curriculum. He has always kept himself updated regarding current developments while minutely examining all technical literature likewise. A student who believes in working hard and maximizing his capabilities Kiet will be striving to fulfill all his responsibilities. His continual zeal towards learning and self-growth along with superior skills of time management will surely take him a long way in the future.

He is a humble, thoughtful, mature, polite, and responsible student. Therefore, Kiet was elected as our **Head Boy for the School Year 2022-2023**. He has continued raising money for charity, public speaking at ceremonies, guiding prospective parents around the school and providing student voice on behalf of the student body. Finally, Kiet and his team managed to leave a solid framework for the incoming Student Council to follow.

I would therefore highly recommend Kiet as a very strong student for your consideration. His contribution to academic & social events would be a terrific addition for your educational establishment.

Kind regards,

**Mr. Anjan Kumar Mahanta**
